1995

APPLYING FUNDAMENTALS

Article	Month	Page
An Introduction to Stainless Steels	Jul/Aug	29
Fundamentals of Quenching	Mar/Apr	20
Fuzzy Logic Means Smarter Control	May/Jun	91
Heat Treatment & Properties of Martensitic Stainless Steels	Sep/Oct	40
Hot Work Tool Steel Treatment— Converting to Vacuum	Jan/Feb	26
Magnetic Flux Concentrators: Myths, Realities, & Profits	Mar/Apr	31
Material Handling in the Heat Treat Shop	Nov/Dec	29
Parts Cleaning	Jan/Feb	21
Properties of Precipitation Hardening Stainless Steels	Nov/Dec	25
Quench Systems for Induction Hardening	Jul/Aug	33

CASE HISTORY

Article	Month	Page
Assessing Alloys for Vacuum Heat Treating	Mar/Apr	39
Fast-Track Furnace Rebuild at NTN-Bower	Jul/Aug	68
Gas Supply System Helps Cu-Strip Producer Shine	Jan/Feb	57
Horizontal Scanning at John Deere	Jul/Aug	66
Hydrogen Annealing Shapes Contours' Future	May/Jun	34
Reduced-Cycle Heat Treatment for Steel Castings	Jan/Feb	
Vacuum Provides New Opportunities	Nov/Dec	41

PLANT TOUR

Article	Month	Page
Akron Steel Treating Building on a Future	Nov/Dec	35
Automation and Acquisition Fuel 21st Century Growth	Sep/Oct	108
Hands-On Management Bolsters Quality	Jan/Feb	17
Heat Treating With Vacuum	May/Jun	85

SPECIAL FOCUS

Article	Month	Page
1995 Awards of Excellence	Jul/Aug	38
1995 Buyers Guide	May/Jun	36
1995 Editorial Index	Nov/Dec	57
Directory of Commercial Heat Treaters 95/96	Sep/Oct	51
Microscopes for Inspection and Measurement	Mar/Apr	47
Outlook '96—Looking for Another Strong Year	Nov/Dec	45
Software for Heat Treaters	Sep/Oct	119

TROUBLESHOOTING

Article	Month	Page
Ask Roy	In every issue	
Heat Treating Network Hotline	In every issue	
Induction Hardening By Design	Jan/Feb	49

BACK ISSUES & REPRINTS

Copies of most back issues of Metal Heat Treating are still available from Penton Publishing. Price of individual issues varies depending on content. For more information, contact the General Paid Circulation Dept. by calling 216-696-7000 and asking for Margret Mayo, ext. 4188. Reprints of individual articles may be ordered for all issues. For more information, contact Phyllis Dixon at 216-696-7000, ext. 2607.
